### News from the "Lebenshilfe Foundation"

1. Our **Homepage** has been **revamped** – it's worth taking a look at! [www.rmk-stiftung.de](http://www.rmk-stiftung.de)

2. **Many thanks to all donors in 2012!**

We have received donations from members born in 1941/1942!

**Instead of receiving** presents on the occasion of his 70th birthday, **donations** were collected for our foundation Eine A super idea by Günter Munk, which will hopefully find a lot of imitators..

3 . **Our advantages continue to be valid this year, too!**

**Every Euro is passed on 100% to the needy.** Due to the personal contributions of our family members we can manage all the work alone

We help directly and **personally** know the people who pass the donations on to the places of need.

The donations are **tax-deductible!**

You promptly receive a certificate for tax purposes.

#### Germany

The provision for needy children continues to remain the centre of attention. In the "Rems-Murr" district we work closely together with Mrs Bauer

To date we could provide winter clothes and furniture for 25 children. **Happy children say thank you!**

Hans-Martin Haist and his team look after 100 children at the children and youth workshop, **EIGENSINN in Freudenstadt**. Every fifth child in Germany grows up in a family with addiction problems. To cover the monthly costs of 25,000€ of this organisation, we regularly pass on a share of your donations.

#### Albania

We regularly support the **142 children from needy families** at "**Amaro Tan School**

Recently there was a lack of sanitary products and, thanks to your donations, we could help. Sonja Geiger from "Amaro Tan School" made sure the donations were used accordingly. The school bought toilet paper, cleaning and washing agents, cutlery etc. and could therefore uphold a normal standard in the school. We have received a heartfelt letter of **thanks**.

#### Kenya

With the help of the missionary Martin Lütjohann, we support children and young people.

**Currently he has reported about a young girl, Chelatan, who has been helped**

"We are grateful for the assistance which means the girl can complete her schooling. We took her in at the age of 12. She was intended to be sold as a second wife to an older man as a "hunger bride". The proceeds were intended to help her parents through the dry season. In the meantime the contracts have been cancelled and Cheletan, who is a good scholar, is being prepared for a better future at the boarding school."

#### Uganda

We continue to support the nutrition unit of the mission hospital in Lira. The Göhner Family, who direct the hospital, write::

**"Illness amongst children is terrible – but when they die of starvation, that is much worse. On this unit, lives are saved!"**

### Children continue to need your support!
